Auditor's responsibilities for the audit of the performance statement As required by the *Audit Act 1994*, my responsibility is to express an opinion on the performance statement based on the audit. My objectives for the audit are to obtain reasonable assurance about whether the performance statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Standards on Assurance Engagements will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of users taken on the basis of this performance statement. As part of an audit in accordance with the Australian Standards on Assurance Engagements, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the performance statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the council's internal control
- evaluate the overall presentation, structure and content of the performance statement, including the disclosures, and whether performance statement represents the underlying events and results in a manner that achieves fair presentation.

I communicate with the Councillors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

### **SECTION 1: DESCRIPTION OF MUNICIPALITY**

Loddon Shire Council is located in central Victoria, about 175 kilometres north-west of Melbourne. It is bounded by the Gannawarra Shire in the north, Shire of Campaspe and City of Greater Bendigo in the east, Mount Alexander Shire and Central Goldfields Shire in the south, and Northern Grampians Shire and Buloke Shire in the west.

Loddon Shire Council is a predominantly rural area, with many small towns and communities. The largest towns are Boort, Bridgewater on Loddon, Inglewood, Pyramid Hill, and Wedderburn.

The Shire encompasses a total land area of about 6,700 square kilometres. Land is used mainly for agriculture and horticulture, particularly grain, sheep, wool, beef cattle, dairy, pigs and poultry. In recent years, there has also been an increase in viticulture, olives, and fodder crops.

The primary source of employment in the Shire is agriculture, forestry and fishing with 37 per cent of employed residents working in those fields, while 10 per cent work in health care and social assistance, seven per cent in retail trade, and five per cent in public administration and safety.

#### 5.1 Basis of preparation

Council is required to prepare and include a performance statement within its annual report. The performance statement includes the results of the prescribed, service performance, financial performance and sustainable capacity indicators and measures together with a description of the municipal district, an explanation of material variations in the results and notes to the accounts. This statement has been prepared to meet the requirements of the *Local Government Act 2020* and *Local Government (Planning and Reporting) Regulations 2020*.

Where applicable the results in the performance statement have been prepared on accounting bases consistent with those reported in the Financial Statements. The other results are based on information drawn from council information systems or from third parties (e.g., Australian Bureau of Statistics or the Council's satisfaction survey provider).

The performance statement presents the actual results for the current year and the previous three years, along with the current year's target, if mandated by the *Local Government (Planning and Reporting) Regulations 2020*. Additionally, for the prescribed financial performance indicators and measures, the performance statement includes the target budget for the current year and the results forecast for the period 2024-25 to 2027-28 by the council's financial plan.

The Local Government (Planning and Reporting) Regulations 2020 requires explanation of any material variations in the results contained in the performance statement. Council has adopted materiality thresholds relevant to each indicator and measure and explanations have not been provided for variations below the materiality thresholds unless the variance is considered to be material because of its nature.
